

Exalted in my body [Philippians 1v20-21]

If Paul's message is the mystery of God taking pleasure in putting a broken world back together, what are the separated, isolated, and fragmented parts of your life that God is putting back together?

What impact does this have on your family? Your friendships? The difficult people in your life? Your job? Your neighborhood?

Read 1 Timothy 1v8-16

How does the "grace, faith, and love of Christ Jesus" compel Paul to describe himself here?

What reason does Paul give for the mercy he has been shown?

In what ways are you allowing God to put his patience on display through your life?

What keeps you from allowing God to put his patience on display through your life?

Describe how and why you get sucked into playing the game that God loves you because of what you've done or how good you are.

Read John 10v10

Discuss a moment, story, or event when you saw something in someone else's life and thought, "Not only do I want my life to be like that, but I want to know the God that makes that kind of life possible."

For Paul, abundant life is putting God's patience and possibility on display for the world. In what ways are you living for Christ or for yourself?
